

THE BENEFITS

Vehicle wraps are one of the most cost effective and efficient ways to reach your market. Compared to normal advertising such as print ads, billboards, radio and tv, vehicle wraps have a tendency to get noticed. Studies have proven that almost one out of every 3 people do not read a daily newspaper. On the otherhand, 96% of Americans travel in a vehicle each week as a driver or passenger. Vehicle wraps can produce up to 8.4 million impressions in a 12 month period!

APPLICATIONS

Most all businesses and vehicles are good candidates for vehicle wraps. Great candidates are businesses that use delivery vehicles, service vehicles or have a retail location close to high traffic areas.

Other applications include:

- Large Cargo Trailers and Box Vans
- Fleet Vehicles
- Installation and Delivery Vehicles
- Train Cars
- Boats
- Charter buses & Motorcoaches
- Small Cargo Trailers for Construction
- All passenger Vehicles
- Work Vans
- Race Vehicles and Car Haulers

TECHNICAL INFORMATION

Vehicle wraps have a life expectancy of 3-7 years. The material that is used is a cast vinyl film that is printed using in-house wide format printing technology. Prints can be full color, photographic and wrap any size vehicle. Wraps can be removed with no adhesive residue and no damage to painted surface. All vehicle wraps are laminated using a clear, UV protectant film that extends the life of the print and prevents pre-mature fading.

Thickness - between 4 - 5 Mil

Durability - up to 7 years.

Finishes - gloss, luster, matte
